SECTION 12 - INTRALATA TOLL MESSAGE TELECOMMUNICATIONS SERVICE

D. TWO-POINT SERVICE (Continued)

1. Classes of Service (Continued)

b. Operator Station-to-Station and Person-to-Person (Continued)

- (2) Customer Dialed Calling Card (credit card) rates apply to station-to-station telephone communication where the person originating the call dials and completes the call without the assistance of an operator (for the appropriate charge, see D.4.d.(2)(b) following). The credit card rate will also apply when operator assistance is used to record the Company credit card number, or where the operator reaches the called telephone number where facilities are not available for Customer Dialed (0+) completion. If facilities are available for Customer Dialed (0+) completion and the operator is used for completion of the call as well as for recording the calling card (credit card) number, the operator station-to-station rate will apply instead of the Customer Dialed Calling Card rate (see D.1.b.(1) preceding).
- (3) Person-to-person rates apply where the person originating the call specifies to the operator a particular person to be reached, a particular mobile station to be reached through a Miscellaneous Common Carrier attendant, or a particular station, department, or office to be reached through a PBX or Centrex attendant (for the appropriate charge, see D.4.d.(2)(d) following).
